## MOST ASKED QUESTIONS

### WHAT IS YOUR PHOTOGRAPHY STYLE?

We are wedding photojournalists, which means that we document and present your authentic wedding story. With our hands-off approach, we are able to capture real moments as they happen, without staging, directing or distracting. We believe this is when the real beauty of your wedding day occurs. – revealing your unique personalities, the emotions, actions and reactions of you and your guests.

### HOW ABOUT FAMILY AND BRIDAL PARTY PHOTOGRAPHS?

Yes, we do that too! Your wedding coverage would not be complete without them. We assemble your “must-have” posed photo list before your wedding day and make the formal photo session efficient and enjoyable for everyone. We’ll exceed your expectations on what we can capture in a short amount of time!

### HOW MANY PHOTOGRAPHERS WILL BE AT MY WEDDING?

We always document weddings with a two-photojournalist team including your contracted Lead Photojournalist and a Photojournalist Assistant, who is a second shooter. We work in teams so you’ll have unique perspectives and varied angles reflected in your coverage. Having two photographers also insures that we remain unobtrusive as well as cover various events going on in different locations as needed.

### WHAT MAKES YOU DIFFERENT FROM OTHER PHOTOGRAPHERS?

Because we love what we do, we don’t skimp on what is important – and that is taking amazing care of you! It starts with our experience. I have the most rigorous training in the industry: my four Lead Photojournalists spent five years documenting weddings by my side (that’s over 200 weddings to develop and master their photojournalistic style and skills). And now, I can proudly say that they have been documenting their own client weddings for over 13 years.

### WHEN DO I RECIEVE THE WEDDING IMAGES?

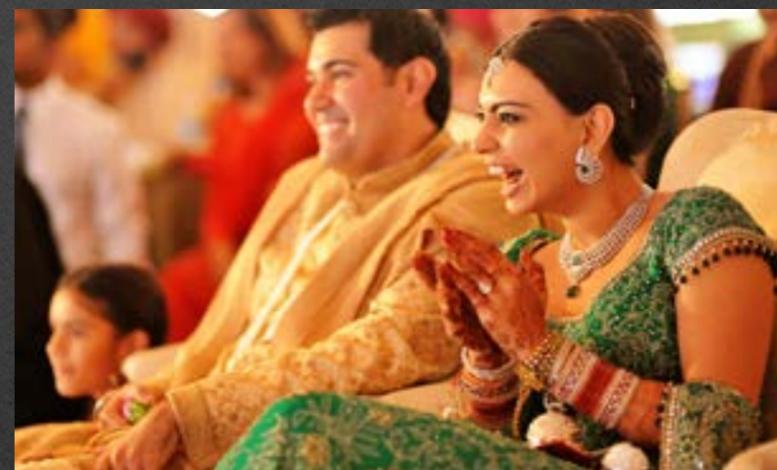

We take pride in the quality of our post-production work of your images and provide an average turnaround time of four to six weeks after your wedding. At that time, you’ll relive your wedding day through your custom-designed Wedding Highlights Slideshow and Wedding Album Proposal (when an album is included in your contract). You’ll enjoy your complete wedding collection through a downloadable Low Resolution Image Set and an Online Image Gallery which you can share with family and friends. You will also receive your High Resolution Image Set for your long-term keeping and printing on your own.
